About Me

Hi, I’m Phuc, an Event Production & Project Coordinator who turns plans into well-run experiences: proposals, timelines and vendors first, then on-site operations, settlement and reporting.

I have worked on innovation programmes at BLOCK71 Vietnam (NUS Enterprise), brand events for Moët Hennessy and Dolce & Gabbana, and production shoots for Fendi, Masterise Homes and Menard. I keep people, resources and information connected, so every activity serves the goal it was designed for.
